

Bilaga 1. Litteratursökning

Arbetet med en systematisk översikt kännetecknas av en omfattande och systematisk sökning av forskningslitteratur. Detta är en detaljerad beskrivning av den sökstrategi som använts i den systematiska översikten *Läxor och likvärdiga förutsättningar för lärande – lärarens arbetssätt inför, under och läxan* (Skolforskningsinstitutets systematiska översikter 2022:02). Sökstrategin redovisas i följande ordning:

- sökning i internationella vetenskapliga databaser
- sökning i skandinaviska vetenskapliga databaser
- citeringssökning
- kedjesökning.

Sökning i internationella vetenskapliga databaser

Fyra databaser, Education Source, ERIC (Education Resources Information Center), PsycINFO och Scopus användes.

Tabell A1. Databaser och ämnesområden

| Databas | Ämnesområde |
|------------------|-------------|
| Education Source | Utbildning |
| ERIC | Utbildning |
| PsycINFO | Psykologi |
| Scopus | Alla |

Citerings- och kedjesökning

Citeringssökningen och kedjesökningen utfördes 2022-03-22 på de studier som vid tidpunkten passerat den samlade relevans- och kvalitetsgranskningen. Genom citeringssökningen identifierade vi studier som citerat översiktens inkluderade studier. I kedjesökningen tittade vi på referenslistorna i översiktens inkluderade studier i syfte att finna ytterligare relevanta studier. Sökningarna gjordes i Scopus samt Google Scholar. Ingen ytterligare studie inkluderades från resultatet av citerings- och kedjesökningen.
